"DATA NEVER PLAYS FAVORITES; IT ONLY REVEALS THE TRUTH."

Prepared by Jenishragavan . s

MYSQL REQUIREMENTS FOR IPL DATA ANALYSIS

- FIND THE TEAM WITH THE MOST WINS IN IPL HISTORY .
- FIND THE TOP 5 RUN SCORERS IN IPL HISTORY
- FIND THE BOWLER WITH THE MOST WICKETS IN IPL HISTORY
- FIND THE PLAYER WITH THE HIGHEST INDIVIDUAL SCORE IN A MATCH
- FIND THE TEAM WITH THE BEST WIN PERCENTAGE
- FIND THE TOP 5 BATSMEN WITH THE BEST STRIKE RATE .
- FIND THE BEST POWERPLAY PERFORMERS (1-6 OVERS)
- FIND THE MOST SIXES BY A BATSMAN
- FIND THE MOST CENTURIES BY A BATSMAN
- FIND THE HIGHEST TOTALS SCORED BY A TEAM IN A MATCH
- FIND THE TOP 5 PLAYERS WITH THE MOST "PLAYER OF THE MATCH" AWARDS

- WHAT IS THE AVERAGE STRIKE RATE OF BATSMEN IN THE IPL DATASET?
- HOW MANY TIMES HAS EACH BATSMAN BEEN DISMISSED BY THE BOWLER 'MALINGA'?
- WHAT IS THE AVERAGE PERCENTAGE OF BOUNDARIES (FOURS AND SIXES COMBINED) HIT BY EACH BATSMAN?
- WHAT IS THE AVERAGE NUMBER OF BOUNDARIES HIT BY EACH TEAM IN EACH SEASON?
- WHAT IS THE HIGHEST PARTNERSHIP (RUNS) FOR EACH TEAM IN EACH SEASON ?
- HOW MANY EXTRAS (WIDES & NO-BALLS) WERE BOWLED BY EACH TEAM IN EACH MATCH?
- WHICH BOWLER HAS THE BEST BOWLING FIGURES (MOST WICKETS TAKEN) IN A SINGLE MATCH ?
- HOW MANY TIMES DID EACH TEAM WIN THE TOSS IN EACH SEASON?
- WHAT IS THE AVERAGE NUMBER OF RUNS SCORED IN EACH OVER OF THE INNINGS IN EACH MATCH?
- WHICH TEAM HAS THE HIGHEST TOTAL SCORE IN A SINGLE MATCH ?

1 .Find the Team with the Most Wins in IPL History .

```
select * from matches ;  
select winner as Team , count(*) Most_win from matches  
group by winner order by Most_win desc limit 1 ;
```

2. Find the Top 5 Run Scorers in IPL History

```
select * from deliveries ;  
select batsman , sum(batsman_runs) as Total_runs from deliveries  
group by batsman order by Total_runs desc limit 5 ;
```

3. Find the Bowler with the Most Wickets in IPL History

```
select bowler , count(player_dismissed) as Wickets from deliveries  
where player_dismissed is not null  
group by bowler order by Wickets desc limit 5 ;
```

4. FIND THE PLAYER WITH THE HIGHEST INDIVIDUAL SCORE IN A MATCH

```
select m.id , d.batsman ,sum( d.batsman_runs ) as Total_runs from matches as m join deliveries as d on  
m.id = d.match_id where d.batsman_runs is not null  
group by m.id , d.batsman  
order by Total_runs desc limit 5 ;
```

5. Find the Team with the Best Win Percentage

```
select winner ,round( (count(winner) * 100 / (select count(*) from matches )),1) as  
Win_Percentage from matches  
group by winner order by win_percentage desc limit 1 ;
```

6. Find the Top 5 Batsmen with the Best Strike Rate .

```
SELECT batsman, SUM(batsman_runs) AS total_runs, COUNT(*) AS balls_faced,  
ROUND((SUM(batsman_runs) * 100.0 / COUNT(*)), 2) AS strike_rate  
FROM Deliveries GROUP BY batsman ORDER BY strike_rate DESC LIMIT 5;
```

7. Find the Best Powerplay Performers .

```
select batsman, non_striker ,batting_team, sum(batsman_runs) as Total_runs from deliveries  
where over_no between 1 and 6  
group by batsman ,non_striker , batting_team order by Total_runs desc limit 5 ;
```

8. Find the Most Sixes by a Batsman

```
select batsman , count(*) as Sixes from deliveries where batsman_runs = 6 group by batsman  
order by Sixes desc limit 1 ;
```

9. Find the Most Centuries by a Batsman

```
select batsman , count(*) as centuries from  
(select batsman , match_id , sum(batsman_runs) as  
total_runs from deliveries  
group by batsman , match_id  
having total_runs >= 100 ) as Century_matches  
group by batsman  
order by centuries desc limit 5 ;
```

10. Find the Highest Totals Scored by a Team in a Match

```
select batting_team , match_id , sum(total_runs) as Team_total  
from deliveries  
group by  batting_team , match_id  
order by Team_total desc limit 1 ;
```

11. Find the Top 5 Players with the Most "Player of the Match" Awards

```
select player_of_match , count(*) as Awards from matches  
group by player_of_match order by Awards desc limit 5 ;
```

12. What is the Average Strike rate of Batsman in the IPL Dataset ?

```
select avg(strike_rate) as Average_Strike_rate  
from( select batsman , (sum(total_runs)/ count(ball)) *100 as Strike_rate  
from deliveries group by batsman) as Batsman_Stats;
```

13. How many times has each Batsman been dismissed by the Bowler 'Malinga'

```
select player_dismissed , count(*) as total_dismissals from deliveries  
where player_dismissed is not null and bowler = 'SL Malinga'  
group by player_dismissed ;
```

14. What is the Average percentage of Boundaries (Four & Six) Hit by each Batsman

```
select batsman , avg( case when batsman_runs=4 or batsman_runs=6  
then 1 else 0 end ) *100 as Average_Boundaries  
from deliveries group by batsman order by Average_Boundaries desc
```

15. What is the Average number of Boundaries hit by each Team in each Season

```
select season , batting_team , avg(fours + sixes) as  
Average_boundaries  
from( select match_id , season , batting_team ,  
sum( case when batsman_runs = 4 then 1 else 0 end ) as fours ,  
sum( case when batsman_runs = 6 then 1 else 0 end ) as sixes  
from deliveries , matches where deliveries.match_id = matches.id  
group by season , match_id , batting_team ) as team_boundaries  
group by season , batting_team ;
```

16.What is the Highest Partnership (Runs) for each team in each Season

```
select season , batting_team , max(total_runs) as highest_partnership  
from ( select season , batting_team , partnership , sum(total_runs) as  
total_runs  
from(select season , match_id , batting_team , over_no ,  
sum(batsman_runs) as partnership , sum(batsman_runs) +  
sum(extra_runs) as total_runs  
from deliveries , matches where deliveries.match_id = matches.id  
group by season , match_id , batting_team , over_no ) as team_scores  
group by season , batting_team , partnership ) as highest_partnership  
group by season , batting_team ;
```

17.How many Extras (wides & No-Balls) were bowled by each team in each Match

```
select match_id , bowling_team , sum(extra_runs) as Extra_Runs from
deliveries group by bowling_team , match_id ;
```

18.Which Bowler has the best bowling figures (Most Wicket taken) in a Singlematch

```
select m.id as Match_no , d.bowler , count(*) as Wicket_taken
from matches as m
join deliveries as d on d.match_id = m.id where player_dismissed is not
null
group by m.id, bowler
order by Wicket_taken desc
limit 1 ;
```

19. How many times did each team win the Toss in Each Season

```
select season , toss_winner , count(*) as Toss_Wins from matches
group by season , toss_winner ;
```

20.What is the Average number of runs scored in each over of the innings in each Match

```
select m.id,d.inning , d.over_no ,  
avg(d.total_runs) as average_runs_per_over  
from matches as m  
join deliveries as d on d.match_id = m.id  
group by m.id , d.inning , d.over_no ;
```

21.Which team has the Highest total score in a Single Match

```
select m.season , m.id as Match_no , d.batting_team ,  
sum(d.total_runs) as total_score from matches as m  
join deliveries as d on d.match_id = m.id  
group by m.season , m.id , d.batting_team  
order by total_score desc limit 1 ;
```
